Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the Listrict Court for the Eastern District of Pennsylvania. REAT CURE FOR DYSPEPSIA! -- ANOTHER SCIEN-

THE TRUE DIGESTIVE PLUID, OR GASTRIC JUICE, D REPARED from Renuct, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Phylogical Chemiat, by J. S. Hougiston, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspepsig, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice. Half a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two bours, out

of the stomach. Pepsin is the chief element or digesting principle of the Gastric Juice—the solvent of the food, the puritying, preserving and stimulating agent of the stomach and inte-It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy stomach. It is doing wonders for dyspepties, during cases of Debility, Ema-ciation, Nervous Decline and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based is in the highest degree curious

Scientific Evidence.—Baron Lichig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the unicous meinbrane of the stomach of the Ox, in which various articles of food, as ment and eggs, will be seftened changed and digested, just in the same manner as they would e in the auman stomach. Dr. Preira, in his famous treatise on "Food and Diet,

shed by Fowler & Wells, New York, page A, states same great fact, and describes the method of preparation. There are few higher authorities than Dr. Priera. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a proteinent and all-prevailing e of Dyspensia;" and he states that "a distinguisher rofessor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, hio sup-course to the Gastrie Juice, obtained from the stoma-or pu living animals, which proved completely successful." Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the storacts of animals, maccrated in water, impart to the fluid the property of dissolving various articles of food, and of ef-

feeting a kind of artificial digestion of them in no wise different from the matural digestive process." Dr. Sunon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments we know that food is solved as rapidly in an arringial digestive fluid, prepared

from Pepsin, as it is in the natural Gastric Juice its elf."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than lifty pages to an examination of this subject. His experinis with Dr. Beaumont, on the Gastrie Juice obtained from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestion." Dr. John W. Braper, Professor of Chemistry in the College of the University of New York, in his "Text Book of

mistry," page 355, says: "It has been a question whether tincial digestion could be performed—but it is now univer-ly admitted that it may be." r. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the call or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and deficient secre-

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastrie Julce, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that t has not before been applied to the cure of Indigestion and Dyspepsia-so naturally does such a use suggest itself to the

As a Dyspepsia Curer, Dr. Houghton's Pepsin has roduced the most marvellous effects, in cases of Debility, Emacration, Nervous Decline, and Dyspeptic Consumption.
It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Philslphia, New York and Boston alone. These were nearly all desperate eases, and the cures were not only rapid and wonderful but permanent.

It is a great nervous antidote, and particularly useful for endency to Bilious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health

Old Stomach Complaints. - There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time t make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Screness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsin is sold by nearly all the

dealers in fine drugs and popular medicines throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians. Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular prac-Price ONE DOLLAR per Bottle.

Few of those who indulge in this pernicions practice are aware of the consequences, until they and the nervous system is shattered, feel strange and un-accountable feelings, vague fears in the mind. The individnal becomes feeble, he is unable to labor with accustemed vigor, or to apply his mind to study; his step is tardy and weak, he is dull and irresolute, the countenance is downcast, the eves without natural lustre, simmefacedness is apparent. Dr. Hoofland's Celebrated German Bitters. Prepared by Dr. C. M. JACKSON, at the German Medicine Store, 120 Arch street, Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had These Bitters are worthy the attention of invalidis, possessing great vurtues in the rectification of diseases of the

liver and lesser glands, exercising the most searching pow-ers in weakness and effections of the digestive organs, they are, withal, safe, certain and pleasant. READ AND BE CONVINCED.

From the "Boston Bee," The editor said, Dec. 52d: DE. HOOFLAND'S CELEBRATED GERMAN BITTERS, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Dobility, is deservedly one of the most popular medicines of the day. These lifters have been used by thous ads, and a friend at our elbow says he has hims cived an effectual and permanent core of live from the use of this remotiv. We are convinced that, in the use of these blitters, the patient constantly gains strength and vigor -a fact worthy of great consideration. They are oleasant in taste and smell, and can be used by persons with the most delicate stormels with safety, under any circumstances. We are speaking from experience, and to the af-

"Scott's Weekly," one of the best literary papers pubished, said, Aug. 26th: "Dr. Hoolland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of Female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save them-selves much siokness. Persons of debilitated constitution will find these latters advantageous to their benth, as we know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of he city of Camden, N.J., says: "Hoofland's Gennan Bitthes.-We have seen many flatering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say that we found it specific in its action upon diseases of the fiver and digestive organs, and the influence it exerts upon nervous prestration is really surprising. It calms and

strengthens the nerves, making sleep refreshing I this medicine was more generally used, we are satisfied there would be less sickness, as from this stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a triel: it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila-delphia, than all other nostroms combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent even in this form. That this medicine will cure liver complaint and dyspepi

DR. ARNOLD'S UNION PILLS.

DR. ARNOLD - DEAR SIR-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constitution of the bowels; at times alarming me greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was uscless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a lifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Fills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever-at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, ve had the most happy effect. I shall always keep a so ply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all their evil consequences, but what would, after a use of your medidines, join me in saying the same of them.

DR. MITCHELL.

Indian Botanie Dector, Office on Market street, third door from the Square, East side-Sign of the Indian.

NASHVILLE, May 1, 1851. To the Editors of the Nashville Union: Gentlemen. By publishing the following you will much oblige me and confe a favor on suffering humanity. It is but justice to the pub lie that the virtues of Mitchell's Indian Rheumatic Extract should be made familiarly known to every one, and particularly to those afflicted with that painful disease called Rheumatism. There been suffering with that disease for the last two years. I have applied to numerous physicians, also tried various remedies, recommended to cure it, but only found temporary relief and almost in despuir of ever getting enfirely cured; but hearing of Mitchell's Indian libeumatic Extract, for sometime, I was not willing to try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I sent for him, when he called on me and assured me he would effect a cure; also satisfied me by certificates from highly respectable persons in Louisville, some of whom are personally known to me, that got well by the use of his Extract, which induced me to give it a trial; and I take pleasure in stating, that after the use of two hottles I am entirely relieved. Ecileving it a duty incumbent upon me to recommend in the strongest terms a medicine which I believe has no equal in the cure of this

distressing disease. D. McINTOSH. Yours, respectfully, Public Square, ad door from the New Bridge.

ANOTHER IMPORTANT CURE BY MITCHELL'S INDIAN EXTRACT, Engapirer, (near Nashville,) May 9, 1851. Dr. J. Mitchell: Dear Sir, I take pleasure in stating to rou, and for the hevelit of the public, that my brother, (a lad of fifteen years,) who has been afflicted with the liber-matism, for some time, in one of his knees and buch, and having tried various remedies, all of which had I erelefore proved uscless, I was almost in despair that he ever would be anything but a cripple for the rest of his life, as the leaders of his lare were drawn. But hearing that Mr. Melhlesh, an lift resident of Nashville, had been cured by the use of your Extract, induced me to try it for my brother, and to my great astonishment, by the use of one bottle be has reguloed the use of his limbs, and is entirely free of all pain. I, therefore, feel in duty bound, after having tested a med cire which must be of so much use to those afflicted with this painful disease, to, was dicular, publicly recommend it as a cer-

DAVIDSON COUNTY, Term., July 5, 1851; Dr. J. Mitchell: Dear Sir, -I feel it my duty to acknowle edge to the afflicted, the benefit I have received from your Indian Rheumniic Extracts. I have been suffering with Rhountation in my hips for some time. I was under the treatment of a physician considered a good one, who told me that he could not effect a cure on me. Hearing of your Extract effecting so many cures in the city of Nashville, induced me to try it; and I take pleasure in stating that the use of one bottle of your Extract has given me great relief. I consider it a very valuable remedy for what it is recommended, particularly for Rheumstism. Yours, respectfully,

Nasivnar, Tenn., July 61, 18-1. To the Editors of the Union Decining it my duty to the public and especially to these afficied with Rheumatism, that have been relieved by Miteriell's Indian Rheomatic Extract, I have been afficied for a number of years, and applied to a number of physicians for relief, but in vain. I also tried ifferent remedies recommended for RI ennestism, but found them all to be humbays. Hearing of Dr. Michell's Indian Rheumatic Extract, I called on the Doctor, and he assured me I could be cured. Having spent so much maney and found no relief, I concluded to be humbagged no more. I told the Doctor I would give him a certain sum if he would effect a cure. The Doctor Lock his maney and for the latest active.

Yours, respectfully, Lexcoln County, Tenn., May 2, 1872. To all afflicted with Rheumatism, the most painful and annoving of diseases in the whole catalogue of human suffering, I would say, apply to Dr. Mitchell, or his Agents, for some of his invaluable Indian Rheumatic Extract; and I venture to assert you will not be humbugged but find relicf from your sufferings. There is a great aversion to Patent Medicines by the public generally, as they have been so often deceived; but this invaluable remedy is worthy a trial, and has, so far, proved effectual whenever tried. I will give a brief statement of my case, that those who have been

ong afflicted may not yet despond while Dr. Mitchell sur-Having been afflicted with the worst of maladies for more than six years, being conlined to my room a great portion of the time, and unable to lie by day or night-my joints stiffened, my non-cles partially ossified, and so much ennetated as to seein more like an inhabitant of another world than this. Having tried every Physician of any note of whom I could hear, all proved unsuccessful. I had entirely despaired of recovery, expecting to spend (not enjoy) the life of the invalid, when I chanced to see an account of the wenderful cures effected by Dr. Mitchell's Indian Rheumatic Extract, I resolved to give it a fair trial, as I had all other Physicians who tried my case, notwithstanding it was a patent medicine, in which I could exercise no very strong faith: when to my great surprise and satisfaction, before using it more than the short space of one month, it has been so far arrested in its ravages upon my system that I can almost ven-ture to assert, though of long standing, that it is entirely ex-pelled from its strong hold, though apparently so well fortitied.
